

Apparent Resistivity, Phase, and Impedance along Cut at y=0 for 0.001Hz

Apparent Resistivity, Phase, and Impedance along Cut at y=0 for 0.01Hz

Apparent Resistivity, Phase, and Impedance along Cut at y=0 for 0.1Hz

Apparent Resistivity, Phase, and Impedance along Cut at y=0 for 1.0Hz

Apparent Resistivity, Phase, and Impedance along Cut at y=0 for 10.0Hz

Apparent Resistivity, Phase, and Impedance along Cut at y=0 for 100.0Hz

Apparent Resistivity, Phase, and Impedance along Cut at y=0 for 1000.0Hz

Impedance Residuals at $(x,y) = (0,0)$

Impedance Residuals at $(x,y) = (-5000,0)$

Impedance Residuals along Cut at y=0

xy Apparent Resistivity and Phase along Cut at y=0

xy Apparent Resistivity and Phase Residuals along Cut at y=0

yx Apparent Resistivity and Phase along Cut at y=0

yx Apparent Resistivity and Phase Residuals along Cut at y=0
